

JOSHUA IJEMBA

PHONE NO: 0807 253 6380

EMAIL ADDRESS: chidiebube95@gmail.com

PORTFOLIO SITE: <https://josh-portfolio-site.vercel.app/>

LOCATION: Enugu, Nigeria

Objectives

Creative Technologist and Statistics undergraduate with hands-on experience in frontend development, UI implementation, and data analysis. Skilled in building responsive web applications, integrating APIs, and transforming design concepts into functional digital products. Passionate about solving real-world business problems through design, technology, and data-driven insight.

Work Experience

Mallgrid (Remote)

Junior Front End Developer

- Collaborated with frontend, backend, and UI/UX teams to develop an optimized e-commerce web application.
- Converted Figma designs into fully responsive, production-ready pages across multiple screen sizes.
- Integrated APIs to connect frontend components with backend services, improving user interaction and data flow.
- Enhanced performance and usability of landing pages to improve user engagement.

Quocero Technologies Limited, Abuja

Roles: Frontend Development Intern

- Worked under a Senior Front-End Engineer to develop the front-end AngularJS-based web components for the company's Document Management System web application called **DocStream**.
- Translated UI/UX designs into functional web interfaces.
- Assisted in creating branded flyer designs and UI assets.
- Gained practical experience in collaborative development workflows.

Featured Projects

Wealthridge Investment — Full-Stack Investment Platform

Next.js | TypeScript | Tailwind CSS | Supabase | Vercel

- Developed a full-stack investment web application with user authentication and database integration via Supabase.
 - Implemented secure data storage and real-time updates using Supabase services.
 - Built responsive UI components optimized for desktop and mobile users.
 - Structured scalable frontend architecture for investment tracking and dashboard features.
 - Deployed production-ready build to Vercel.
- (Project Link available in Portfolio Site)
